OLD ENGLAND:

OR,

The NATIONAL GAZETTE.

By JONATHAN FREE, *of the Duchy of* Cornwall, *Esq*;

SATURDAY, JULY 11, 1752. [N°. 109.

ANOTHER Correſpondent, from the Example given laſt Week we ſuppoſe, has (he tells us) recovered from Oblivion the following poetical Performance. It is certain, we are under Obligations to thoſe who mean us a Favour; and it is for this Reaſon we cannot receive one unſuitably: But our kind Correſpondents will conſider, whether the Public will repeatedly put up with *Old Tracts*. The Hopes therefore, they will in due Time oblige us with ſomething *new*, induces us to publiſh this OLD BALLAD now. We ſhall not apologize for Inaccuracies in it, becauſe it is not our own. Tho' we muſt not neglect to tell the Reader, that the Apoſtophes are very negligently omitted in many Places, which may employ his Ear and Judgement to inſert and rectify in the Peruſal. And if he is in a ſinging Mood, it ſeems by the Ballad he may gratify it.

The OLD BALLAD.

I.

YE Commons and Peers,
Erect all your Ears,
And eke you good Men that are holy:
We'll ſing or we'll ſay
Such a Tale as well may
Give, or purge, you of all Melancholy.

II.

For Time and for Place,
And poetical Grace,
We leave to Hiſtorians and Poets:
But, tho' without Date,
True Facts we'll relate;
The reſt who can't gueſs are the *No-heads*.

III.

There roſe high Debate,
In a Cauſe that of late
'Twixt Plaintiff fell out and Defendant:
The Names we find both,
Are *Law againſt Truth*,
Which before we all hop'd were *appendant*.

IV.

Law charged upon *Truth*,
That ſhe had, forſooth,
Been of *Libels* the ſcandalous Cauſer;
That in *M*——y's Caſe,
She'd ſhewn her bold Face,
And libell'd whom Makers of Laws are.

V.

Tho' modeſt, yet warm,
Truth took the Alarm,
And boldly affirm'd herſelf wronged;
Her Nature ſhe cried,
Could ne'er be belied,
Tho' Falſhood were thrice-hundred tongued.

VI.

And *Libels*, 'twas clear,
Were no Part of her,
From even *Law*'s very Confeſſion:
For are they not *falſe*
Aſſerted, or elſe,
What means the profound *Information?*

VII.

Law nods to her Sons
Of Quibble and Puns,
And bad them aright ſet the Matter:
When little Sir *Whiz*,
With his rueful Phiz,
Of *Nonſenſe* diſplay'd the true Nature.

VIII.

He admitted *Truth*'s Plea,
In Part — but that he
Muſt deny it all dangerous Meaning:
That *falſe* was a Word
He found on Record,——
Mere *Form*---which no Harm could be ſeen in.

IX.

Truth briſkly replied,
Lay ſuch *Forms* aſide,
Where groſs Contradictions abound:
I own this *falſe Libel*,
As well as the Bible,
Their Author in me both have found.

X.

Sir *Whiz* wrangled on,
As tho' he felt none
Of the Power of his Adverſary:
He ſhuffled and cut,
Like S——rs at *Put*,
And play'd the whole Game cloſe and wary.

XI.

He prais'd, and he grinn'd,
And kept cool the Fiend,
Which was won't to enſable him o'er:
But he tortured and vex'd
And *Truth* ſo perplex'd,
No one D---l could torture her more.

XII.

He was ſeconded ſtrong,
By a Brother in Tongue,
Whoſe Duty was ne'er carried higher:
His ready Addreſs,
Pert *Points* and Fineſſe,
All ſhew'd him no ungraceful L---r.

XIII.

He ſmooths, he cajoles,
He rubs, and he drolls,
And makes it as clear as Noon-day,
That White would ſeem Black,
If of Light there was Lack;
And *Truth* might be *falſe* the ſame Way.

XIV.

There was *Hawkins* and *Wood*,
And others as good,
Who in Precedents all did agree:
But, the murrain was in't,
Not one was in Point,
Save and always except —— to the *Fee*.

XV.

Truth ſaw it was vain,
Her Cauſe to maintain,
'Gainſt *Law* and her talkative Gentry:
For every-one ſaid,
They'd talk her quite dead;
So ſhe flew to the Arms *of her Country*.

XVI.

Ye Infidel Rout,
Who think nought about
The Works of miraculous Powers,
Attend, and be dumb
For the Time you've to come,
And own your Converſion from ours.

XVII.

Truth cut ſhort her Flight,
And perch'd down aright,
In the midſt of *Twelve good Men and true*,
Who had heard the Debate,
And were Maſters of it,
And conſcious of her Merit too.

XVIII.

To theſe ſhe refer'd,
On which they prepar'd
To give their Opinion in brief;
When, lo! round their Heads
A Glory there ſpreads,
Surpaſſing all human Belief!

XIX.

The Rays, fiercely clear,
No Mortal could bear,
All loſt were in Dread and Amaze;
When, develop'd from Light,
Sprung a Goddeſs moſt bright,
Like *Minerva*, in *Jove*'s golden Days.

XX.

Truth knew her full well,
When ſhe'd thrown off her Veil,
And raptur'd, cried *Liberty!* Queen
Of Life and of Light!
Sweet Source of Delight,
All Happineſs known among Men!

XXI.

The *Siſters* embrace,
When *Liberty* thus ——
" I came to inſpire your Judges:
Your Danger I ſaw,
And the Malice of *Law*,
With the buſy Attempts of her Drudges.

XXII.

" Theſe *Twelve honeſt Men*,
No Fear, nor no Gain,
Shall ever withdraw from their Fealty;
They are yours and mine."——
She ſpoke,--- and was Wind!---
And *B**ll* aloud cried, NOT GUILTY.

XXIII.

Some Anecdotes tell,
(Believe it who will,
For Scandal ſhall ne'er have my Puſh)
That they who did gird-us,
Are *Mutus & Surdus*,
Nay more, have been ſaid, once to bluſh!

LONDON.

Monday came on at Guildhall the trial of Mr. Owen an eminent bookſeller, upon an information for publiſhing a pamphlet, entituled, "The Caſe of the Hon. ALEXANDER MURRAY, Eſq;" when after a hearing of ſix hours, the Jury withdrew.—The anxious impatience with which a crouded court waited their determination, teſtified the public opinion of the importance of the cauſe; and the repeated acclamations on their ACQUITTING the Defendant, ſhewed the general approbation of the verdict.

The Names of the JURY were.

Richard Barwell, Bread ſtreet, merchant.
John Horton, Old Fiſh ſtreet, ſugar baker.
Thomas Smith, Watlin ſtreet, linnen draper.
Godfrey Lowe, Friday ſtreet, draper.
Edward Berwick, ditto, draper.
Richard Briſtow, Bread ſtreet, grocer,
William Woolley, Cheapſide, hoſier.
Richard Bridgman, Aldgate High ſtreet, grocer.
Phillip Grafton, ditto, Oilman.
Samuel Lloyd, Devonſhire ſqua e, merchant.
Henry Hall, St. Helen's, cyder merchant.
John Tuff, Eſq; Biſhopſgate ſtreet.

The council for the Crown were,

Mr. Attorney general, | Sir Richard Lloyd, and
Mr. Sollicitor general, | The Hon. Mr. Yorke.

For the Defendant.

Mr. Ford, | Mr. Williams,
Mr. Pratt, | Mr. Davy, and
Mr. Norton, | Mr. Gaſcoigne.

We hear that Sir Dudley Rider, Attorney-general, is indiſpoſed at his houſe in Chancery lane.

We hear, that the Hon. Alexander Murray, Eſq; has lately entered himſelf into the King of Pruſſia's ſervice.

Maſter Leake, a youth of 13 years of age, ſon of Stephen Martin Leake, Eſq; Clarencieux King at Arms, is appointed by the the right hon. the earl of Effingham to ſucceed Francis Hutchinſon, Eſq; lately dead, as Cheſter Herald at Arms.

We hear that a Gentleman, who ſome years ago poſſeſſed a very lucrative place, in a certain office, but loſt it by uttering diſloyal Expreſſions againſt the government, was lately ſeized at Dover, and ſome letters, which bring to light a correſpondence betwixt him and ſome French politicians, not much calculated for the Intereſt of his own country.

Wedneſday while the gentlemen of the committee were ſitting at the Foundling hoſpital, a woman came to make information that a man who a few months ago had a baſtard child by her, had lately taken it away, and ſhe had reaſon to ſuſpect it was murdered. The gentlemen not recollecting the child by her deſcription, & ſhe not knowing the mark (if it ever was brought in there) a warrant was granted by Juſtice Fielding to apprehend the father of it, that he may give an account how the child is diſpoſed of.

Yeſterday 7-night a woman was found ſtrangled in a field near the Red-houſe Debtford. A woman ſuſpected to be privy to the ſaid murder, was taken up the ſame day, and confined in the cage till further examination; and on Saturday morning three men were taken up, & put in the ſame place, on a ſtrong ſuſpicion of being concerned in the above horrid crime, together with two other men, after whom diligent ſearch was making. Three of the above men are blacks, all belonging to the ſea. It is thought, on the unhappy woman's reſiſting their brutal attempts, they ſtrangled her with a handkerchief, and afterwards carried her the length of two fields, and threw her into the ditch, where ſhe was found.

Monday John Wilkes was committed to Newgate by Sir Joſeph Hankey, ſitting alderman at Guildhall, charged on the oath of Mr. John Phillips, and others, with robbing him of a watch as he paſſed by St. James's ſtreet in a coach, by clapping a piſtol into the coach and putting him in bodily fear. The fellow was detected in offering the watch to Mr. Winſtanley, a goldſmith in Lombard ſtreet, who ſecured him, becauſe he failed in giving a ſatisfactory account how he came by it.

Alſo a perſon was convicted before the ſame magiſtrate, of profane curſing and ſwearing, & was committed to Bridewell for 16 days, for refuſing to pay the forfeiture and charges of conviction, &c. or give ſecurity for the ſame to the ſatisfaction of his worſhip.

On Sunday laſt, a fellow on foot being charged with a robbery near Tottenham-high-croſs, was ſo cloſely purſued that he could not eſcape, he therefore took to Hackney river, and by drowning himſelf ſtopt all other proceedings.

Thurſday Mr. Recorder made his report of the capital convicts, when their excellencies the lords juſtices were pleaſed to order the following for execution on Monday next, viz.

George Gibbons, for a burglary.

William Signall and William Ward, for robbing George Darby in Ratcliff Highway, of a pair of ſilver ſhoe buckles, a 36 s. piece, & half a guinea.

James Holt, for ſmuggling.

Pierce Debrie, for ſtealing 70 guineas in a dwelling houſe.

Daniel Mac Quin, for robbing Daniel Wint of a ſilver watch.

Richard Winrowe, for publiſhing a falſe bill of ſale, with intent to defraud.

William Belcher, for a highway robbery near Knightsbridge.

Jonathan Burgin, and Richard Lane, for a Burglary. And,

Joſeph Joyce, for a forgery.

By the Elijah, Capt. Low, from Africa, we have advice, that, after a paſſage of ſeven weeks, the Methuen, of Glaſgow, Coppel, arrived at Manna, on the windward coaſt of Guiney, Dec. 11. had begun his purchaſe of negroes, and was to touch at every place of Trade from Cape Palmas to Anamaboo, 'till his Number was complete. He left him at Grande Baſſa Dec. 31, all well.

The city of Moſcow, which has lately ſuffered ſo extremely by three dreadful fires in the ſpace of ſifteen months, was, before Petersburgh was built, the capital of the Ruſſian empire and the uſual reſidence of the Czars. Nor is it ſurprizing that ſuch a prodigious number of houſes ſhould be conſumed, when it is conſidered, that all the houſes of the middling & lower ſort of people are entirely built of wood, which as fires are very frequent, their carpenters have ready for fitting up, ſo that a man may be furniſhed, for his money, with a new houſe in the ſpace of a few hours.

The Moskito country, where we have been for ſome time attempting to make a ſettlement, though by our laſt accounts our endeavours are not likely to ſucceed, lies in North America, between thirteen and fifteen degrees of north latitude, where the Spaniards have no colonies. When they firſt invaded this part of Mexico, they maſſacred the majority of the natives. which gave thoſe who eſcaped into the inacceſſible parts of the country a hereditary and inſuperable averſion to them, and they have always appeared ready to join any Europeans that come upon their coaſt againſt the Spaniards, and particularly the Engliſh, who frequently come hither, and the Moskito men being good markſmen, the Engliſh employ them in ſtriking the Manatee fiſh, and many of the Moskito indians come to Jamaica and ſail with the Engliſh in their voyages.

We hear from Warminſter, that notwithſtanding the continual wet weather they have had for three weeks paſt, the corn is like to be exceeding good.—And from Mr. Higgins a farmer in that neighbourhood, that water had acted quite contrary to its element at his houſe; for that it had actually drowned his ducks, & ſet his barn on fire! & how ſtrange ſoever this may appear, it is ſtrictly true; for the rapidity of the ſtream drove the ducks from their rooſt into a neighbouring skinner's lime pits, where they had periſhed; and a candle, in a lanthorn, by the ſame means, was drove againſt a corn rick adjoining to the barn, by which it was ſoon in flames, & muſt inevitably have been conſumed, had they not been ſurrounded on all ſides with the element that occaſioned the misfortune.

From Toulon we hear, that the ſquadron under the command of M. du Reveſt, which has frightned the regency of Tripoly into a treaty very honourable to the crown of France, muſt by this time be join'd by another ſquadron from Toulon commanded by M. de Villarzel; and 'tis generally ſuppoſed they are to go to Tunis, in order to reſtore the old dey, and put an end to the civil wars in that country.

"An extract of a letter from Virginia.

"A young negro wench of Col. Maſon's began to breed early, & had at the firſt birth a negro child. Soon after ſhe conceived again, and was in due time delivered of two, a mulatto girl named Sarah, and a negro boy named Auſtin; tho' both born at one time, they were believed to be children of different fathers; as beſides her negro husband it was well known that her overſeer, a white man called Thomas Plum, kept company with her, to the no ſmall uneaſineſs of her black husband; but the children was a proof ſtronger than any witneſs, for Auſtin was as black a negro as could be ſeen, and had ſhort curled, woolly hair, and in every other reſpect was like other Negroes; the twin Sarah was as remarkably white, with blue eyes, and long black hair, that reached to her waiſt: The wench at the next birth was delivered of three children, of which two mulattoes, the other a negro."

From the Paris A-la-main, July 14.

Notwithſtanding the pains that the parliament has taken to remove the ſcandal done to religion by the refuſal of the ſacraments, the vicar of St. Stephen du Mont has again refuſed them to a prieſt of his own pariſh, who died without their being adminiſtered to him: The parliament being informed of it ſummoned the vicar to appear before them, but he has thought proper to get out of the way. The curate of St. Sulpice has likewiſe been abſent ſome days from whence it is imagined, that knowing the parliament would inquire into his conduct with regard to the Jew, whom he refuſed to baptize, has alſo thought it prudent to march off.

The parliament has ſuppreſſed a book, containing the works of the archbiſhop of Sens, which he has tranſlated into Latin, being full of Reflections, contrary to the good order which the parliament is deſirous to eſtabliſh in Matters of Religion.

The biſhop of Rennes, to prevent any proſecution in the parliament of Bretagne againſt the prieſt of Vitrai, for ſuffering major de St. Aulaire, of the king's own regiment of horſe, to die without the ſacraments, has confined him in a ſeminary.

Mr. Keith's Chapel, in May-Fair, Hyde-Park Corner, where the Marriages are performed by Virtue of a Crown Stamp and Certificate for a Guinea, is oppoſite the great Chapel and within Ten Yards of it. The Way to the Chapel is thro' Piccadilly, by the End of St. James's-ſtreet, and down Clarges-ſtreet, and turn on the Left Hand.—Several Perſons belonging to Churches and Chapels together with many others, ſuppoſing the Marriages to be detrimental to their Intereſt, have made it their Buſineſs to rave and clamour, but in ſuch a Manner as not to deſerve an Anſwer, becauſe every Thing they have ſaid tends only to expoſe their own Ignorance and Malice, in the Opinion of People of good Senſe and Underſtanding.

COUNTRY NEWS.

Briſtol, July 4. Laſt Monday between two and three o'clock in the afternoon, there came on a moſt dreadful ſtorm of thunder, lightening, hail & rain. The workmen and boys employed in building the new church in Kingſwood, called St. George's, were all obliged to quit their ſcaffolding and work and to retire into the body of the church to ſcreen themſelves from the ſtorm; when ſix of them, who ſtood facing one of the church doors, viz. four men and two boys, were all ſtruck in a moment on the ground, but recovered their ſenſes in a ſhort time having received no hurt, except one of the boys, who bleeding both at the noſe and ears, but likely to do well.———Near the ſaid church, and at the ſame time, ſix horſes and the driver, belonging to one of Mr. Morman's waggons, going for Bath and London, were ſtruk down upon the road, by the thunder and lightning; the man recovered, as did three of the horſes, one of which loſt his ſight; the other three were all killed upon the ſpot.

In the ſtorm that happened on Wedneſday night the 17th of June, Thomas Sharp, one of the warren pilots at Pill, in the county of Somerſet, together with Thomas Preſs, Aaron Cole, & George Holmes all of the ſame place, and hired boatmen, were overſet in the former's boat, near the Holmes, and drowned. They were ſeen in the night time by another pilot's boat off the ſaid Holmes; when on a ſudden they loſt ſight of Mr. Sharp's boat, and believe ſhe overſet at that inſtant. What confirms this unfortunate circumſtance, the boat was driven on ſhore bottom upwards, at Walton, five miles below Portiſhead, on Sunday the 21ſt of June. And laſt Sunday the body of Mr. Sharp was taken up accidentally near Walton, by a boat as it was floating in the ſtream. The ſame boat ſaw another dead body floating; but as the current ran very ſtrong, it prevented its being taken up. They had, according to cuſtom, (when the wind is fair) been down the Channel on the look out for ſhips that hourly expected to arrive. It is ſuppoſed, that the boat overſet by the ſhifting of the ballaſt, the wind being very boiſterous and a large ſwell. Mr. Sharpe has left a widow and four children, and Thomas Preſs a widow and one child.

Bath, July 6. On Wednesday evening last, about ten o'clock, John Bacon, Esq; who died here a few days before, was privately interred near the altar-piece in the abbey-church of this city. He defired his friends that were by him a few hours before he expired, to let him be put into his coffin in the following manner, viz. To have his beſt Wig on, with a ruffled ſhirt, and ſtone buttons in the ſleeves, a ſmall ring on his finger, a laced waiſtcoat, and a plain coat, with black velvet breeches, a new pair of pumps, with ſtone buckles in them, and a clean pair of white ſtockings; and that he ſhould be privately interred in the above church, and that his ſervants ſhould ſupport his pall in their liveries.

SCOTLAND.

Edinburgh, July 2. On Monday died, at Blairdrummond in Perthſhire, the right hon. lady Jane Drummond, ſpouſe to George Drummond, Eſq; and ſiſter to the right hon. the preſent earl of Stamford.

FOREIGN AFFAIRS.

Hague, July 11. The ſtates of Holland and Weſtfriezland are to aſſemble to-morrow, for which purpoſe moſt of the members are already arrived. Her royal highneſs the princeſs governante has appointed the baron de Schorrenburgh to be a captain in the regiment of major-general de la Riviere. The journey her royal highneſs propoſes taking to Dieren is put off for ſome days, and it is imagined will not take place till towards the end of the month. Count Dehn, the Daniſh miniſter, has notified in form to her royal highneſs the princeſs governante, and to the lords of this government, the concluſion of the marriage of the king his maſter with the princeſs of Wofenbuttle; as had the chevalier Mann, miniſter from Heſſe-Caſſel, that of the princeſs of Heſſe with prince Henry, ſecond brother to the king of Pruſſia.

Hanover, June 26. The princeſs of Heſſe arrived here the day before yeſterday, and was received by the king with great tenderneſs. The court was that day extremely brillant and numerous to compliment her royal highneſs upon her arrival. It is ſaid, the king of France has declared, by his miniſters, to the princes and ſtates of the empire, his true diſpoſition concerning the election of a king of the Romans; and that his moſt chriſtian majeſty inſiſts, among other things, that the Elector Palatine, his ſon, ſhall previouſly have due ſatisfaction with regard to his pretenſions.

The court of Berlin's ſecond Memorial upon the affair of Eaſt-frizeland, occaſioned a Conference a few days ago between the miniſters of the regency. As this memorial was couched in very ſtrong terms, particularly what related to the affair of Saxe-Lauenbourg, there is a talk of ſending a declaration upon this ſubject to the general diet of the empire.

Bruſſels, June 29. The Engliſh and Dutch commiſſaries have ſent to their reſpective courts the reſult of a ſeventh conference, relating to the affairs of the Barrier and of the Tariff, which they pretend is very far advanced.

Bruſſels, June 30. An edict will ſoon come out, limiting the wearing of ſwords to thoſe who have a right by their birth or employments.

By the KING's PATENT,

For this *Kingdom* and the *Plantations*,

THE *Purging Antivenereal* ELECTUARY (whereby all Degrees and Symptoms of the Venereal Diſeaſe, from the ſlighteſt Infection to the moſt confirmed Pox, are happily cured and eradicated) is ſold only by the Proprietor, R. ROCK, L. M. at his Chymiſt's Shop, the Corner of Bell-Savage Inn Gateway, Ludgate-hill, London, at Six Shillings the Pot.

A Book of plain Inſtructions for each Perſon to know the State he is in, with the Symptoms attending the different Degrees of Infection, and plain Directions how to treat them, whe eby he may in general be his own Phyſician, is given with each Pot of Electuary.

This Medicine is not unpleaſant to take, is of a ſafe and genale Nature, not operating vio ently, yet routs out the Diſeaſe; it requires not too ſtrict a Regimen or Diet, nor expoſes the Body to injury from the Weather.

No Perſon need be apprehenſive of a Diſcovery of his Diſorder from this Medicine, as it may be taken, and the Patient follow Buſineſs as uſual.

Thoſe who ſuſpect they have received ſome Taint from a Converſe with an impure Perſon, by taking a Doſe or two of this Electuary may have their Minds ſet at Eaſe, either by its ſhewing them, from no Symptoms appearing, that they have eſcaped, and are ſafe; or, in caſe of Infection, by bringing on a gentle Diſcharge of the Virus, which otherwiſe would have lain lurking in them, and ſpreading its Malignity.

Such as have received imperfect Cures, may, by a few Doſes of this Electuary, have all Infection carried off, and their Cure happily completed.

Nor is this Medicine leſs effectual in the Cure of ſome Species of the Rheumatiſm; and may be had at my Shop, on asking for a Six Shilling Pot of Electuary for the Rheumatiſm.

Perſons likewiſe of a Scrophulous, Scorbutic, or groſs Habit of Body, cannot have a better cleanſing, purifying, and ſweetening Purge; which, regularly and properly taken, will do Wonder towards their Cure.

Perſons who have got any Degree of the Venereal Diſeaſe, and are obliged to go to Sea with it on them, would do well to take ſome of this Electuary and my plain Book of Inſtructions with them: They'll ſoon find the Benefit of ſo doing, and it will keep good in all Climates.

This Electuary is efficacious in carrying off all Impurities in an eaſy gentle Manner; is ſafe for Perſons of all Ages and both Sexes. — And the Proprietor, who has practiſed Medicine for Two-and-thirty Years, and made the Cure of the Venereal Diſeaſe his principal Study, attends from Seven in the Morning till Ten at Night, to give his Patients and Cuſtomers all neceſſary Advice and Aſſiſtance to the Completion of their Cure.

An Infallible Remedy For Broken-winded HORSES,

WHICH has been publiſh'd, and ſold many Years, before any Counterfeits in other Forms appear'd, and highly commended from one Friend to another: The vaſt Quantities that have been ſold alſo verify its Efficacy and Virtues; for it moſt perfectly cures them, after all other Means have been ineffectual, to a Wonder, in a ſmall Time, without Confinement, by attenuating and opening the Globules of the Lungs dried up, and all the Paſſages obſtructed by Humours dripping thereon, occaſioned by hard Riding, Colds, &c. It cauſes preſently a free Perſpiration, renewing it's Force, Vigour and Length, as well as ever

It immediately cures thoſe Horſes, only a little touched in their Wind, as alſo continued Coughs, Colds, Wheeſing, &c. being excellent in preventing many other Diſtempers incident to them, by maintaining, preſerving, and continuing a good Breath.

And in a Word, by this very Medicine alone, many Horſe have been made ſo perfectly ſound, that they have been ſold o valued from 10 to 30 or 40 Pounds, which, by being broken w nded, could not before be ſold for 3 or 4 Pounds

Is ſold at Mr. Sandwell's Toy ſhop, at the Sign of the Griffin, the Corner of Bucklersbury in the Poultry, for 4 s. 6 d the Quart Bottle, with Directions for taking it, and no where elſe in England.

The GREAT CARMINATIVE,

A moſt famous Tincture for the Wind Cholic,

IN what Part ſoever lodged; for at once taking, and in five Minutes Time, it perfectly cures the ſeveral Gripings in the Guts, and immediately expels the Wind from the Stomach for Bowels (as it were) to a Miracle.

For all wandering Pains in any Part ſoever, which are in ſome Perſons forerunners of a fixed Rheumatiſm; in others, the Gout, miſtaken many Times under the Notion of Scorbutick Ailments, this famous Medicine has not its Fellow, having wrought Wonders in theſe Caſes on great Numbers of People, who, before taking it, could neither ſit, ſtand nor lie at Eaſe, but were in intolerable Pain Night and Day, and in taking leſs than half a Bottle, were abſolutely freed from their preſent Pain, and by a ſhort Continuance of the Courſe, recovered to perfect Health again.

As for any Belchings, or Hiccups, proceeding from Wind, or, in ſhort, in any Caſe of Wind, it may be depended on, as the beſt, ſafeſt, moſt expeditious, and moſt ſovereign Remedy ever yet known.

To be ſold now only by Mr Sandwell, at his Toy-ſhop, the Sign of the Griffin the Corner of Bucklersbury in the Poultry, and by Mr Martin, at the Sign of the Duke of Cumberland in Cranbourn-Alley, near Leiceſter Fields, at 3 s. the Bottle Retail.

By the ſaid Mr. Sandwell and Mr. Martin is ſold 6 r 3 s. the Bottle.

The Princely beautifying LOTION,

Whoſe INIMITABLE VIRTUES and TRANSCENDENT EXCELLENCIES have gain'd it ſo much Reputation, that envious Imitators endeavour, tho' in vain, to counterfeit it.

It beautifies the Face, Neck, and Hands, to the utmoſt Perfection, and is in the greateſt Eſteem amongſt Ladies, &c. of the firſt Quality: No Words can ſufficiently expreſs its Virtues; for it is not of the Nature of Paint, which puts a falſe and unnatural Gloſs on the Skin, but is a true Remedy, that really gives a Luſtre to the moſt Beautiful, by ſhewing the fine Features of the Face; and is ſafe, not having the leaſt Grain of Mercury in it, that it may be taken in wardly; and if ſmell'd to is really good againſt Vapours.

It infallibly kills Worms in the Face, takes away Freckles, Sports, Wrinckles, Pits or Marks of the Small-Pox, and aſſuredly cures any Defects in the Face giving a charming youthful Luſtre and fine Air to the Features to Admiration.

As for ſuch Perſons as are of a ſwarthy Complection, or troubled with any diſagreeable Redneſs, Roughneſs, Morphew, Heats, or the like, it is not to be paralleli'd; for it immediately ſmooths, clears, plumps, nouriſhes, and whitens the Skin to the laſt Degree, and makes thoſe Perſons who before looked hagged and old, to look young, beautiful, and fair; and in ſhort it far exceeds any thing that was ever yet known, or made publick for clearing and beautifying the Skin.

It will keep good twenty Years, well cork'd, in any Part of the World, good Allowance is given by the Dozen to ſell again.

The True Cordial QUINTESSENCE *of* VIPERS *the moſt Noble and Grand Preparation in the whole* Materia Medica, *for the real, ſubſtantial Cure of* Impotency *in Men, and* Barenneſs *in Women; and is vaſtly preferable to* Viper Wine, *or any other Preparation of* Vipers *whatever, as being replete with the full and whole Virtues of them.*

A Few Drops of it only, gives ſuch a generous Warmth, and ſurpriſingly delights the Vital and Animal Spirits, Senſes, and Nerves, as ſoon to ſhew what it will do, upon a little Continuance of it; for it not only promotes, and prompts to a Deſire, but alſo furniſhes proper Matter, for the Support and Eſtabliſhment of a true laſting Inclination and Power.

By this Means it anſwers the End as well of Food as Phyſick; nor is there any thing in Nature beſides, that can in that Reſpect come up to it conſidering that it univerſally nouriſhes and reſtores in all the Declenſions of Deſire and Vigour, without the leaſt forcing the Veſſels, or ſtimulating the Parts, as moſt other Medicines for theſe Purpoſes do: And tho' it be a Maxim in Phyſick, that SINE CERERE & BACCHO FRIGET VENUS, that alſo itſelf is ſo ſufficiently nutritious as to want no Aſſiſtance that Way; not but it muſt be allowed, that good Eating and Drinking with it, cannot but in ſome Degree, at leaſt as an Auxiliary contribute to its Efficacy.

Nor does it only furniſh Matter and create Deſire, but alſo true Power (as it braces up and corroborates the Teſtes) and gives an erect Springineſs to the Muſcular Erectores Penis in Men, and corrects, cleanſes, and confirms the Uterus, or Womb, in Women, the Lankneſs and Laxity of the former, and the Foulneſs, Coldneſs, or Obſtruction of the latter, being more the Cauſe of Impotency or Infertility, in the one Sex, and Indifferency or Sterility in the other than any Thing elſe beſides; and that it is Ballamick, and great y Reſtorative, is confirmed by long Experience, and we have many Inſtances in Phyſical Writings, of Perſons arriving to a healthful old Age, as well as recover'd from deplorable Decays and Weakneſſes, by a continued Uſe of the common Preparations of Vipers, which this Quinteſſence, by being of vaſtly more Efficacy, brings about in a Quarter of the Time, and with the Tenth Part of the Quantity.

Thoſe who but once try it, will ſo pleaſantly experience its nutritive quickning Properties, in exhilerating the Heart, reviving the Spirits, comforting the Vitals, circulating the Juice, and recreating and renovating, as it were the whole Man, that they will never be without it; for it is ſuch a preſent Help, in Time of Need, as that on the taking then but a Doſe or two more of it than ordinary, it will ſo inſtantaneouſly animate the dull inactive Spirits, and rouze up and actuate the ſluggiſh enfeebled Faculties, in both Sexes, as to excite and capacitate where it could hardly be expected, and at the ſame Time ſeldom fails to render that conjugal Intercourſe Prolifick, Price Half a Guinea the Bottle.

Mr. Weſt, Goldſmith, who us'd to ſell theſe Bottles, being lately dead, it is now Sold only by his Son-in-Law, Mr. Johnſon, Baker, at the Seven Stars in Vere Street, Clare-Market, ſealed up with Directions (for any Meſſenger) upon asking for only a Bottle of Quinteſſence.

The moſt wonderful cleanſing and ſtrengthning Drops for all Sorts of Gleets, and Seminal Weakneſſes and Imbecilities of the Generative Parts and Faculties, preventing Miſcarriages in Women; and to cleanſe and ſtrengthen the Reins, Kidnies and Bladder, cure weak Backs, Stranguries, Gravel, and Stoppage of the Urine, and for which it has gained ſuch Repute, that near 30000 Bottles have been ſold ſince April 1734, that they were firſt publiſh'd.

THESE incomparable Drops, which for the abovesaid Diſorders are not to be equall'd in the whole Art of Medicines, were preſcrib'd by the late Dr. Ratcliffe, for a certain noble Lord, who for a long Time had been vex'd with an old obſtinate Gleet and Weakneſs, of which he was cured by them in a few Days, beyond all Expectation, after he had been harraſs'd with Electuaries, Bolluſes, Pills, Potions, Injections, and a hundred other Medicines, for many Months together in vain.

The Apothecary who prepared them for him according to the Doctor's Preſcription (which he has ſtill upon his File) has made Uſe of them ever ſince to Numbers of People in the very worſt of Gleets, ſeminal and genital Imbecilities and Infertilities, Pains in the Back and Reins, Diſorders of the Urine and Gravel, &c. with the utmoſt Succeſs and Safety; as alſo in all Weakneſſes from Strains, as well as Venereal Reliefs, exceſſive Coition, Self Pollution, ſeminal Emiſſions in Sleep, Falls, Blows, Wrenches, and the like, in both Sexes.

And as they have never once failed him, even in Caſes thought to be incurable, he now, for general Good, has made them publick: And that the meaner Sort of People might partake of the Benefit of ſo divine a Remedy as well as the Rich, he has put them up in Bottles of but 3 s 6 d each, tho' for the Excellency of their Effects they are worth their Weight in Gold, more eſpecially as one Bottle of them generally Cures, even in the moſt draining Gleets, and grievous Relaxations and Weakneſſes of the Seminals and Genitals, as alſo of the Back and Reins, that are.

Nor can there be prepared, by any Art or Skill, a more cleanſing and healing, or a more ſtrengthening and invigorating Medicine, or one that can more effectually cure Impotency, or promote Fertility, than this, as every one that but once tries it will ſay, by their ſoon finding the Difference between this and other Remedies; for it will do more in one Day towards reſtoring to theſe Weakneſſes than any others can in ten, and is of ſo corroborating a Nature that it may be entirely rely'd upon for curing perfectly and firmly, without Fear of Relapſe, even in the tendereſt Conſtitutions, which can hardly be ſaid of any other Medicine; and it is withal ſo elegantly pleaſant to the Palate, and ſo agreeable to the Stomach that the niceſt Perſon is delighted with it.

Mr Weſt, Goldſmith, who us'd to ſell theſe Drops being dead, they are now Sold only by his Son in Law, Mr. Johnſon, a Baker, at the Seven Stars, in Vere-Street, near Clare-Market, ſealed up, with Directions, for any Meſſenger upon asking only for a Bottle of Drops and paying 3 s 6 d.

Concerning Gleets *and* Seminal Weaknesses of all Kinds.

ALL judicious **Physicians and Surgeons allow, that nothing is more** difficult to cure, even by the very best Method and Medicines in usual Practice, than Stubborn Gleets and Seminal Weaknesses whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutio sui, or any other Cause whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption which frequently terminate in Death itself.

All such therefore who have the Misfortune to be troubled with Old stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weaknesses of the Kidneys, Ureters, or Bladder, the Diabetes, Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe and speedy Cure, which they most assuredly may, by the taking only a small Quantity of a transcendent Balsamick Restrictive Electuary, now published for a general Good, after having for many Years in private Practice been experienced never once to fail of perfectly curing the most stubborn Gleets known, in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels and Urinary Passages, which it almost instantly cures, bringing to rights and restoring all those Parts and Passages to their natural Tone and wonted Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent Balsamick Restrictive Electuary is neither disagreeable to take, nor occasions the least Disorder, but is wonderfully Restorative in all Weaknesses and Decay of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels, to an immense Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; and all Persons fatigued with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprized at it.

It is from this its most extraordinary Efficacy that so many Practitioners in Town and Country, send for it for their Patients, as finding it to be the only sure and infallible Remedy that can be safely rely'd upon, in those Cases.

When a Medicine will infallibly accomplish such a safe, speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been try'd in vain; too much cannot be said in Praise of it, and this all who ever took it for any of the above-mention'd Purposes, have readily declared.

The Price is but 6s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and is ready sealed up, with a Book of Instructions, which whomsoever carefully reads will be complete Master of his own Case, and perfectly know, when the Gleet or Weakness he is afflicted with succeeds a Venereal Injury, whether all the Malignity of the foul Disease is intirely extirpated or not.

Note, This fam'd Balsamic Electuary is now, by the Author's Appointment, to be had only at Mr. Eglinton's, (Mr. Radford being deceased) at the Golden Pair of Spectacles, against the East-End of the New Church in the Strand, London. Ask only for a 6s. Pot of Balsamic Electuary. No Letters answer'd, unless Post-paid.

The So much fam'd HYPO-DROPS.

WHICH in a few Days infallibly cure *Hypochondriack Melancholy* in Men, and the *Vapours* in Women, so as never to return again, be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual; and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimick, by Turns, almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulent or windy Disorders in the first Passages, ill Fumes, sour Belchings, Cholick, and Uneasiness in the Bowels; which Crudities offend the Nerves, and, by Consent of Parts, affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, flashing Heats, Reachings, Faintness, Lowness and Sinking of Spirits and Palpitation of the Heart, Startings, Tremblings and Twitchings in the Limbs or other Parts, with many convulsive Disorders; sharp Pains, fix'd or wandering, Pain and Weakness in the Back, and other almost innumerable and grievous Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms in their sharpest Paroxysms, these so much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specificks in the Mineral, Vegetable, and Animal Kingdoms and exalted to the highest Degree of Perfection possible) instantly quell, and at the same time annihilate their true Cause, directly bringing the Stomach into right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle and, of course, good Blood, Plenty of calm, free, and chearful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves so that both Cause and Effects of Melancholy and Vapours, are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured, evince.

Whoever takes them for three Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Cross-Keys and Star below the Royal Exchange, in Cornhill, London, at 3s. 6d. a Bottle, with printed Directions and Advice at large.

For the VENEREAL DISEASE.

THE shortest, safe, and regular Cure, this Day in the World, from the slightest Infection to the most inveterate Degree of it, by a Medicine as pleasant to take, and as easy in its Operation as it is effectual in its Cure; so that the unfortunate Patient gets suddenly and surprizingly well, without Distaste to his Palate, the least Disorder of Body, or any Confinement whatever. This is that great Remedy, now so well known and long experienced to be truly infallible, and is the Grand ANTI-SIPHYLICON that Radcliff and Garth used to say would totally extirpate the Venereal Disease from the Face of the Earth, were it but universally known, and properly taken. Fresh Infections, call'd Claps, with all their cruel attendant Symptoms, it presently cures; and if taken in Time, even prevents their taking Place. It is a safe, gentle, and pleasant Family Purge, even for Children as well as grown Persons, in all Cases where Purging is necessary; nor can the deepest Scurvy, Rheumatism, Gout, Evil, or Leprosy, stand before it, but are pleasantly cured and thoroughly extirpated by it, as well as the highest and most inveterate State of the confirmed Venereal Disease; which, with all its most raging Symptoms, it soon eradicates, restoring Health, Strength, and Vigour to the Body.

Hence it is, that so many Practitioners in Town and Country send for it for their Patients, as finding it absolutely to be depended upon, and much more safe and effectual than any other Medicine whatever. Those who once take it, will never have Recourse to any Thing else. One Pot in most Cases is sufficient for a Cure.

Price 6s. a Pot, sealed up with a Book of Instructions, by which all Persons may fully understand their own Condition, and certainly know when, and when not, the Venereal Poison is rooted out of their Bodies. Note, This Grand Anti Siphylicon is now, by the Author's Appointment, to be had only at Mr. Eglinton's (Mr. Radford being deceased) at the Golden Pair of Spectacles against the East-End of the New Church in the Strand, London. Ask only for a Six Shilling Pot for the Scurvy. No Letters answered unless Post-paid.

To Persons of either Sex,

Afflicted with any Species of the PALSY, *or other* Nervous Decays.

NEVER were NERVOUS DISEASES, PALSIES, and PARALYTICK DISORDERS so frequent as of late they have been, nor have the usual Remedies been found adequate to those pertinacious Distempers: This occasioned a Physician, who employed his Thoughts much concerning them, to adapt a Medicine, a Sovereign Elixir peculiar to, and effectual for, the Palsy, and all other Nervous Complaints now reigning, which, after he had experienced on vast Numbers of Persons of both Sexes, and always with surprizing Success even so as infallibly to cure by it the Palsy, and all Paralytick Effects and Nervous Disorders, he permitted it to be made publick for a general Good, that so those labouring under these miserable Ailments might know where to meet with a safe and most certain Cure, which it accomplishes in so short a Time, and with such Ease and Pleasure (a few Drops of it being a Dose, highly agreeable to the Palate, and comforting to the Stomach and Bowels) as is almost incredible to relate.

But the taking one Bottle of it only demonstrates its prodigious Efficacy to every one, and the Patients soon finds all Numbness, Deadness, and shaking, or Resolution of the Nerves, as well as all convulsive, cramp-like, or painful Contractions of them, vanish and return no more, and this, though these Diseases have been of many Years standing, and whether occasioned by long Illness, fast Living, hard drinking, or any other Cause; for it performs all that can be wished for in Nervous Cases, creates an Appetite, expells Wind, rectifies the Digestion, occasions laudable Chyle, attennuates the Blood and Juices, causes a free and regular Circulation of 'em thro' the Capillary Vessels, revives and increases the Spirits, warms, comforts strengthens, and replenishes the Brain and whole Nervous System, hence the Sinews, Tendons, Ligaments, and all the enfeebled Parts are invigorated, the Limbs restored to their pristine Steadiness and Strength, and the Palsy and all Paralitick Disorders and Nervous Decays suddenly cured by it, to the Admiration of the Patients themselves, and all about them.

This sovereign and incomparable Elixir is permitted to be sold only at Mrs. Holt's, at the Cross Keys and Star below the Royal Exchange in Cornhill, London, at 3s. 6d. a Bottle, with printed Directions at large.

The only short and infallible Cure for that reigning Disease the SCURVY, *and all Scorbutic Humours, tho' arrived in the highest or most inveterate Degree, or of ever so many Years standing, and that without sensible Evacuation, or the least Purging, which, by an unaccountable Mistake, is generally advised, altho' always found rather to encrease and confirm the Scurvy than cure it.*

To the so much fam'd and most pleasant Chymical DROPS.

WHICH, without the least Trouble, Confinement, or any Diet order whatever, dost once strike at the true Cause of the Scurvy, and entirely destroy it, and all Scorbutick Humours and Effects, Root and Branch, so as never to return again, as many Thousands of both Sexes have experienced, and as all who take them in Three Days Time are convinced; for they almost instantly alter the morbid State of the Juices, purify the Blood, sweeten all the Fluids, cleanse them from Impurities, and directly clear the whole Habit from all Spots, Blotches, black and blue Marks, Itchings, foul Eruptions or Breakings out, Weakness of the Limbs, languid Heaviness of the whole Body, wandering Pains, Weakness of the Back, and all the vast Variety of Symptoms by which the Scurvy imitates and often lies conceal'd under the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good Appetite, causing a regular and easy Digestion of Food, and curing Head-Achs, Vapours, and other indispositions) no Bitters, nor any other Medicine upon Earth can compare with them, insomuch besides infallibly curing the Scurvy, in all its Shapes and Appearances they assuredly and directly cure the Green-Sickness in Virgins, Worst of all Kinds, in Young or Old, and almost all other Chronick Diseases which are chiefly occasioned by Indigestion and flatulent Crudities the Stomach and Bowels) and certainly prevent Fevers, Agues, and other acute Illnesses.

But the great Reputation these so much fam'd and most pleasant Chymical DROPS have so universally gain'd among Persons of eminence, for their suddenly and infallibly curing the Scurvy in all Scorbutick Humors, and other Chronick Diseases, in such an easy and agreeable Manner, have occasioned many to imitate them, some under the same, and others under other Names; be careful therefore not to be deceived, but be sure to have the right, which, by the Author's special Appointment, are to be had only at the Gentlewoman's at the two blue Posts in Haydon Yard in the Minories, London, at 3s. 6d a Bottle, with Directions.

For the direct Cure of IMBECILLITY OF IMPOTENCY IN MEN, *whether occasioned, by* Pollutio sui, Seminal *Weaknesses of any kind, or any other Defect of the Generative Faculties.*

And also

Of BARRENNESS in WOMEN, *tho' of many Years Continuance, and proceeding from draining Weaknesses, Coldness of Constitution, or any other Cause whatever.*

The Famous and Ineſtimable

PROLIFICK ELIXIR,

The highest, richest, and most powerful Cordial in Nature is recommended,

BEING the only true and Infallible Cure for Impotency in Men and Barrenness in Women, in the Universe, and which it at once accomplishes without the least Trouble, even after all other Remedies have fail'd, as Thousands have Experienced, and that by promoting the chearful Curricle of the Blood and Juices, raising the Fluids from their languid depressed State, to one more florid and sparkling, opening all Obstructions, fortifying the Nerves, creasing the Animal Spirits, restoring a Juvenile Bloom, and evidently replenishing the crispy Fibres of the whole Habit, with generous Warmth and balmy Moisture, and thereby invigorating to such a Degree as not to be imagin'd, but by those who have experienced how exceedingly and suddenly it renovates, recruits and powerfully strengthens all the Animal Faculties, and Generative Powers in both Sexes. It inforces a bright lively Disposition, banishes Melancholy, and inspires Mirth and Gladness of Heart beyond Expression.

Abundance of Ladies, who for several Years were deem'd incurably Barren, have after twice taking it, conceived and became Fruitful, and great Numbers of Gentlemen, who by rash living, Strains, Self Abuses, had render'd themselves incapable of Procreation, have soon been enabled by it to propagate their Species, insomuch that very many illustrious Families, who, for want of Children, were almost inconsolable, are now blest with happy Issue, and are (under Providence) indebted to this Great Medicine for their Heirs.

It rectifies all Disorders of the Stomach, creates an Appetite, procures a good Digestion, and in all Weaknesses of Body, or Decays of Constitution of any Kind, is a most infallible Restorative, and seems to keep back the Effects of Old Age itself.

It is to be taken but a few Drops at a Time, has a very fine Flavour, is pleasant to the Palate, Cordial to the Stomach, and can be had only at the Gentlewoman's at the Two Blue Posts in Haydon Yard in the Minories, London, at 5s. a Bottle, sealed up with printed Directions, and Advice at large.
